About Evolve

Evolve is a first-in-class residential treatment center focused on repairing the mind, body, and spirit of those struggling with addiction and co-occurring disorders related to substance abuse and alcoholism.

While at Evolve, our clients learn to develop healthy coping skills to deal with stress, triggers, and anxiety.

Clients attend both individual and group counseling to help aid in the lifestyle changes needed to achieve long-term abstinence and recovery from addictive behaviors.

Clients Attend:

 **Morning Meditation**

 **Group Therapy**

 **12 Step or SMART Recovery Meetings**

 **Weekly Outings**

 **Daily Reflection**

Family Program

We believe a client's recovery requires a multi-faceted attack on addiction; therefore, we place strong emphasis on Evolve's Family Program.

By discovering how families can have healthy fun and find new activities together, relationships mend and trust is rebuilt. Our goal is for families to develop healthy boundaries that will guide them to long-term success in recovery.

The Facility
