DO YOU HAVE A CHANGE IN YOUR VISION?

**IF YOU ARE 55 OR OLDER WITH A VISION
CHANGE, FREE ASSISTIVE TECHNOLOGY
CLASSES ARE AVAILABLE.**

- **Explore computers equipped with magnification and speech.**
- **Learn to use the iPad!**

- **Introduction to Computers & Accessibility:** Are you new to using computers? Have you used them in the past but not for several years? Have you heard that there is software to help you see & hear the computer, but have not used it? In this beginner class, you will learn basic computer terminology, learn basic mouse & keyboarding skills and how to navigate your computer. You will also receive an introduction to software that will help you see & hear as you use the computer.
- **iPad Class – Basics:** Have you heard about the iPad but are not sure what it is? Do you have an iPad but are not sure how to use it? In this beginner class you will receive an introduction to the iPad. In addition, you will be introduced to accessibility features on the iPad, such as Zoom and Voice Over (Apple's built-in screen reader), to access the iPad.
- **iPad Class – Intermediate:** iPad experience is a prerequisite for this course. In this intermediate class, you will build on your basic iPad skills to learn more about the accessibility features and assistive applications available to you.
