HOW WE HELP

At Grace Abounds Counseling, we care about our clients' wellbeing.

Our recovery program is designed as a 6-week recurring cycle, allowing for continuous support and the opportunity to build upon progress. Each week is dedicated to a specific focus, providing a structured yet flexible framework for healing.

Participants engage in group and individual therapy sessions, fostering a supportive community while addressing personal challenges. With the help of trained professionals, clients will then develop the skills needed to manage and reduce the impact of mental illness and addictions symptoms, breaking the cycles created by these disorders.

OUR TREATMENT PROGRAMS

What We Offer

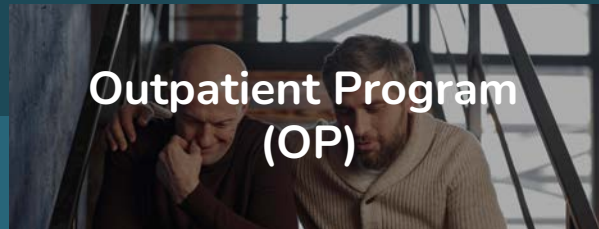

Co-occurring Treatment

Intensive Outpatient Program (IOP)

Outpatient Program (OP)

What To Expect

Clients participating in our program will work with trained, expert therapists to address co-occurring mental health and addictions concerns.

Through both individual and group therapy components, clients will learn about the relationship between substance use disorders and mental health diagnoses.

ABOUT US

Our Mission

To help those in our community who are struggling with drug or alcohol addiction so that they can achieve healing on their road to recovery.

Grace Abounds Recovery is dedicated to your success. Our trauma-focused approach ensures that underlying issues are addressed, promoting lasting recovery and personal growth.

Our diverse therapeutic offerings provide the flexibility to choose a path that resonates with you, while our structured program ensures consistent support and progress.
