

# Our Program Areas

## ○ Early Childhood

Through educational, behavioral, physical, speech and occupational therapies, FRA provides home and community services for babies from birth to three years old who are demonstrating delays in development or who have a documented disAbility.

## ○ EmployAbility

**Customized Employment Options (CEO)** is a person-centered solution for businesses seeking committed employees and employees seeking competitive employment. By focusing on individual strengths, capabilities, dreams and passions, we create unique jobs that meet the hiring needs of local businesses. FRA offers job training and continuous support to ensure successful employment.

**Project SEARCH** is a 10-Month internship program for people with disAbilities in their last year of school through early adulthood. It is targeted to those whose goal is competitive employment. The program takes place at a host site where total immersion in the workplace facilitates the teaching and learning process.

**High School Internship Program** is an opportunity for high school students to develop job skills in a variety of community settings through unpaid internships with one-to-one job training.

**Social Security Benefits Counseling** is a free service offered to explain how working will affect your federal and state benefits.

## ○ Family Support

**Toby's Friends Sibling Support Groups** offer support for brothers and sisters of children with special needs with two separate aged groups, children 4-9 and adolescents 10-15. Once a month groups come together for discussion, problem-solving, talking about differences and having fun!

## ○ TECHConnection

**Adult Classes** are led daily by professional and compassionate instructors where individuals 19 and older learn a wide range of prevocational skills. Classes explore a variety of careers while keeping an emphasis on computer literacy and interpersonal work readiness skills.

**Assistive Technology** is offered through our Technology Demonstration Center which offers a place to find solutions and connect individuals to technology that can improve life skills, independence and experiences for reading, working, learning, shopping and socializing.

## ○ Wellness

Individuals with disAbilities and community members with acquired impairments participate in meaningful programs to support and expand their social, cognitive and physical abilities. Bringing the best out in each participant through fun, social, learning opportunities, current programs include dance, karate and yoga.

## TOGETHER, WE MAKE A DIFFERENCE.

Your generosity enables FRA to better serve those with disAbilities and create stronger families.

**PossAbilities**  
for people  
with disAbilities

## Our Mission

**Family Resource Associates' (FRA's)** mission is helping children and people of all ages with disAbilities to reach their fullest potential. FRA connects individuals to independence through innovative therapies, education, employment supports and technology. Acknowledging the powerful influence of the family, we remain committed to them by offering support, resources and education.
