

CAMP CHATTERBOX REGISTRATION OPEN!

CAMP REGISTRATION OPENS JANUARY 2ND FOR NEW AND RETURNING FAMILIES!

Camp Chatterbox is a weeklong overnight camp for youth between 5 and 21 years old, who use AAC devices. This family camp experience provides fun activities for everyone, creating life-long memories and friendships. Our mission is to improve the lives of our campers and their families by building confidence and increasing the use of augmentative and alternative communication (AAC). Our team provides campers with traditional camp-like experiences catering to each child's needs and helping them reach their full potential. At Camp Chatterbox, we create a unique experience for families to build friendships and connect with other families experiencing similar situations. Most importantly, we incorporate the Children's Specialized Hospital values in every interaction: Safety, Compassion, Excellence, Teamwork, and of course – Fun!
