

BEFORE & AFTER

FREE LEAD-SAFE HOME PROGRAM

If you live in a pre-1978 home, your home may have lead hazards.
HELP IS AVAILABLE TO YOU IN MONMOUTH, OCEAN & ATLANTIC COUNTIES.

Lead in paint in older housing can be a health hazard to your family, especially young children.

With our FREE program we offer lead testing and remediation of lead-based paint hazards in your home.

You qualify for help if you meet the following requirements:

- Your household income is within the low-to-moderate income limits (see income table below)
- You live in a one to four unit residential home built before 1978
- The property is structurally sound
